## SKY ISLAND BIRDING EXPEDITION INTRODUCTION TO BIRDWATCHING

This workshop is designed to introduce you to the art & science of finding and identifying birds. Bird Guide, Naturalist, & Wildlife Biologist Vincent Pinto will guide you step by step, through a wide variety of topics all aimed at getting you out in the field and enjoying the many pleasures of watching birds. And what a place to watch them! The Sky Islands of southeast Arizona are truly a birding mecca. Nearly half of the breeding birds of North America have been recorded here, including many Mexican Specialties - birds found only in the U.S. near the Mexican border. During this field Workshop you will: learn to ID a wide variety of bird species by sight & sound, explore a number of distinct bird habitats, practice finding & IDing bird tracks & signs, and experience what you can do to help and promote bird conservation where you live!
